jungle of 'Where the Wild Things Are' activities, from crafting monstrous masks to orchestrating your very own wild rumpus. Get ready to unleash your inner Wild Thing and create some unforgettable memories!

Crafting Your Own Wild Things: Art & Craft Adventures

The visual appeal of Sendak's Wild Things is undeniable. Their unique shapes, textures, and personalities beg to be recreated. These art and craft activities are perfect for developing fine motor skills, fostering creativity, and letting kids express their interpretation of these iconic characters.

Monstrous Mask Making

No 'Where the Wild Things Are' adventure is complete without donning the iconic crown and transforming into Max, or even better, becoming one of the Wild Things! Mask making is a quintessential activity. All you need are basic craft supplies: sturdy cardstock or paper plates, child-safe scissors, glue, crayons, markers, paint, and embellishments like yarn, googly eyes, and craft feathers. Encourage children to look at the illustrations in the book for inspiration, or let their imaginations run wild to design their own unique Wild Thing masks. Think wild hair made from yarn, fearsome teeth drawn with markers, and maybe even some shaggy fur glued on. Don't forget the king's crown for those who want to channel their inner Max!

Wild Thing Puppets

Similar to masks, puppet creation allows for a different kind of interactive storytelling. Cardboard tubes from toilet paper or paper towel rolls make excellent bases for Wild Thing puppets. Kids can cover them with construction paper, paint them, and then add all sorts of imaginative details. Felt scraps, pipe cleaners, and buttons can add texture and personality. Once made, these puppets can star in their own mini-plays, reenacting scenes from the book or creating entirely new adventures. This activity is fantastic for developing storytelling skills and imaginative play.

Sensory Bin: A 'Wild Things' Island Adventure

Bring the island of the Wild Things to your play area with a sensory bin! Fill a large bin with a base material like dried beans, rice, sand, or even green shredded paper to mimic jungle foliage. Add small toy dinosaurs, plastic bugs, smooth stones, and twigs to represent the island's landscape. Include small figurines of Max and the Wild Things. This sensory experience is wonderful for tactile exploration and imaginative play, allowing children to create their own narratives and explore the environment depicted in the book.

Painting and Drawing the Wild Things

Sometimes, the simplest activities are the most effective. Set up an easel or a large table with paper and art supplies. Encourage children to draw or paint their favorite Wild Thing, or to create their own original creatures. Discuss the characteristics of the Wild Things: their big eyes, sharp teeth, and shaggy fur. This helps them observe details and translate them into their artwork. You can even have a "Wild Thing Art Gallery" to showcase their creations!

Bringing the Wild Rumpus to Life: Movement & Dramatic Play

Where the Wild Things Are is inherently about movement and expressing emotions. The "wild rumpus" is the heart of the story, and these activities aim to capture that joyous, unrestrained energy.

The Great Wild Rumpus Dance Party

Turn up some energetic music and let the wild rumpus begin! Encourage children to move like their favorite Wild Thing. Do they stomp their feet like a hulking beast? Do they swing their arms like a creature in flight? Do they roar and howl? You can even have "statues" where they freeze in a Wild Thing pose. This is a fantastic way to burn energy, encourage creative expression through movement, and simply have a lot of fun.

Acting Out the Story

Assign roles to children (or let them choose!) – Max, the various Wild Things, even the forest that grows in Max's room. Encourage them to read the book aloud or to improvise dialogue. This dramatic play activity not only reinforces their understanding of the story but also builds confidence, communication skills, and empathy as they step into different characters' shoes.

Building a Fort: Max's Bedroom and the Wild Island

Max's bedroom transforms into a wild place, and the island itself is a landscape to explore. Building a fort is a natural extension of this. Use blankets, pillows, chairs, and cardboard boxes to create Max's room. Then, extend the fort to become the wild island. This encourages problem-solving, teamwork, and imaginative play as children create their own spaces for adventure. They can even bring their Wild Thing crafts inside their forts!

Culinary Creations: A Taste of the Wild

Food can be a wonderfully engaging way to connect with a theme. These 'Where the Wild Things Are' food ideas are sure to be a hit.

Wild Thing Snacks

Get creative with snack time! You can make "Wild Thing" fruit skewers with colorful fruits, arranging them to look like the creatures. Or, create "Monster Munch" trail mix with popcorn, pretzels, chocolate chips, and dried fruit. Another fun idea is to make "Max's Cookies" – simple sugar cookies that kids can decorate with wild icing colors and sprinkles. Even simple cheese and crackers can be cut into monster shapes with cookie cutters.

"Where the Wild Things Are" Cake or Cupcakes

For a special occasion like a birthday party, a 'Where the Wild Things Are' cake or cupcakes are a must. You can frost them with green, brown, or purple icing, and then use edible markers or fondant to draw the faces of the Wild Things. Or, top them with small toy Wild Thing figures. This is a delicious way to bring the theme to your celebration.

Beyond the fun, these activities offer valuable learning opportunities.

Exploring Emotions: understanding Max's Feelings

The story of 'Where the Wild Things Are' is a powerful exploration of emotions, particularly anger and the need for comfort and belonging. Discuss Max's feelings: why was he sent to his room? How did he feel when he arrived on the island? How did he feel when he decided to return home? Activities can include drawing pictures

of different emotions, talking about times they've felt similar emotions, or using emotion cards to identify feelings. This helps children develop emotional literacy and coping mechanisms.

Vocabulary Building: The Language of the Wild

Sendak's language is rich and evocative. Use the book to introduce new vocabulary. Words like "mischief," "gnash," "howl," "rumpus," and "loincloth" are fun to explore. You can create a "Wild Words" jar where children write down new words they encounter and then use them in sentences or drawings. This enhances language development and comprehension.

Geography and Exploration: The Island Adventure

Talk about the concept of an island and a journey. Where did Max go? How did he get there? You can use a globe or a map to point out islands and discuss different modes of transportation. This introduces basic geography concepts in a fun, narrative context.
