2	Is the multi-directional sound chamber a common feature on all Timex watches?	No, the multi-directional sound chamber is not a standard feature on all Timex watches. It's typically found on specific models, often those designed for outdoor use, sports, or with enhanced alarm functionalities.
3	Where can I find the manual for my Timex watch that has the multi-directional sound chamber?	You can usually find the manual for your specific Timex watch model on the official Timex website. Look for a 'Support' or 'Manuals' section and search using your watch's model number.
4	How do I activate or adjust the alarms using the multi-directional sound chamber feature?	Activation and adjustment of alarms on a Timex watch are generally done through the watch's buttons.
